

WHEN WE FEAR...

Father God, we acknowledge our fear, but we know that the remedy for fear is to focus on your power as our God, for as you say, “I am with you.....I will strengthen and help you” (Isaiah 41:10)

Gracious Father, I see that the power to overcome all fear comes from trusting that you will either deliver me from what causes my fear or give me the strength to go through it. Either way I am a conqueror. Thank you, my Father and my God, that no matter what happens in your universe, you have the awesome ability to work everything for good. Help me to have confidence in you. In Jesus’ name. Amen
